Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Receipt is acknowledged of the amendment and terminal disclaimer filed 02/09/2010.

The rejection under the judicially created doctrine of obviousness-type double patenting is withdrawn in view of applicant's filing of a terminal disclaimer, which is noted above.

With regard to rejoinder, this will be considered after the instantly elected claims are in condition for allowance. Applicant is further advised that rejoinder will most likely result in at least one more office action, since those claims have never been examined.

The following is cited in view of applicant's newly filed information disclosure statement:

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,3, 4, 7-37, 84-106 are rejected under 35 U.S.C. 102(b) as being anticipated by US 2003/049329 A1 (Lee Dosuk et al).

Lee Dosuk et al disclose an osteoinductive powder comprising a demineralized bone matrix (DBM) and a calcium phosphate powder. The percentage of demineralized

Art Unit: 1615

bone matrix is within the claimed percentage, as is the size of the DBM particles. Biologically active agents are also included. The ratio of calcium to phosphate is also set out fibrous embodiments having the instantly claimed characteristics. The instant claims are anticipated by Lee Dosuk et al.

Conclusion

Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 02/09/2010 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
